| T5 (2009-2012) | | Front B+E | |

ACHTUNG: Bitte prüfen Sie VOR Bestellung die Verbaubarkeit des gewünschten Systems im Fahrzeug. Durch verschiedene Ausstattungsvarianten kann es möglich sein, dass gerade im Fond-/Heck-Bereich ein 2-Wege System nicht passt und nur ein Koaxial-System verbaut werden kann. Des Weiteren sind ggf. original Zubehör-Teile von BMW für den Einbau nötig, welche über Ihren lokalen BMW Händler bestellt werden können. Diese Lautsprecher-Systeme sind entwickelt um Standard Lautsprecher-Systeme zu ersetzen, keine Mehrkanal-Systeme.

ATTENTION: Please check BEFORE you order the installation capabilities of the desired system in the vehicle. Through various standard equipments, it may be possible that just in rear/rear-end area a 2-way system does not fit and just a coaxial system may be installed. In addition, where appropriate, original equipment parts from BMW may be necessary for the installation, which can be ordered through your local BMW dealer. This speaker systems are engineered to replace standard speaker systems, not for multi channel systems.
